

Button Up to Save Energy in Your Home

DIY Weatherization Workshop

Thursday, November 29, 2018

6:00 – 7:30 PM

WWHT Community Room

68 Birge Street, Brattleboro, VT

Allowing heated or cooled air escape your home is costly. Come to this informal workshop to get some practical, hands-on guidance on how you can reduce heating costs in your home through do-it-yourself measures. Free weather stripping will be provided to all participants and there will be information about financial incentives available for DIYers.

This FREE workshop will include props and demonstrations on:

- Weather stripping your doors and windows
- Sealing the air leaks in your basement and attic,
- Installing interior storm windows.
